

**PENTACO**  
CONSTRUCTION LTD

**Project**

**Client:**

NELM Development Trust

**Architect:**

Feilden & Mawson

**Project Duration:**

10 weeks

## **New Car Park Norwich**

Pentaco Construction Ltd was selected to construct the new car parking facility for the NELM Development Trust. The project was awarded in open tender as the company provided the most cost effective bid. The new 60 space facility provides parking for Trust during the working week and social parking for people using the adjacent sports facilities at the weekend.

The construction works had to be carried out in a sensitive way due to the proximity of adjacent buildings.

The works were over seen by the Considerate Constructors Scheme with excellent reports being received throughout the duration of the project. The works completed one week ahead of schedule and within the clients budget.

**Pentaco Construction Ltd**

15 Hurricane Way, Airport Industrial Estate, Norwich, Norfolk NR6 6EZ
