32 weeks

## **Chapelfield Grove Norwich**

A new development consisting of 8, 1 and 2 bedroom apartments situated close to Chapelfield Park, Norwich.

The development has been finished to a high specification and includes features such as individually designed kitchens, beech flooring to all living areas and bespoke tiling to all kitchens and bathrooms. The interior has a classic but contemporary feel. The site was constrained on all sides and the site team had to work extremely hard to manage the logistics of deliveries and storage. The finished product is extremely desirable both in appearance and location.
